

# The American Red Cross & the Loudon Recreation Committee

Partnering to offer the community of Loudon:

## “SAFE ON MY OWN”

A 2 hour class that teaches children ages 8 – 11 personal safety, home alone responsibilities, and basic emergency communication techniques.

Fri. May 30<sup>th</sup> 6:00 – 8:00 p.m.  
At Loudon Elementary School  
in the old Art/Music room

This program was developed by The American Red Cross for “latch key” children who need to be safe when they are at home alone. Instruction includes issues such as helping them know how to identify the dangers of entering the home if the door is unlocked, dangers within the home, how to (or not to) answer the phone or door, and other situations that may arise when home alone. It

is an interactive program where the children in the class can openly discuss their experiences and concerns.

Loudon Recreation Committee is paying a portion of the class, the balance of the cost per student is \$10. Students should register in advance. There is a class maximum and minimum. Financial assistance is available; if you have any questions, please call Amanda Masse Recreation Committee Member at 783-0227.

---

**Safe On My Own Class Registration form - Friday, May 30<sup>th</sup> from 6-8 pm**

**\$10 per student - checks made payable to Loudon Recreation Committee.**
