Loudon Fire Department Announces New Free Service

Car Seat Inspections by Appointment

The Loudon Fire Department now has a certified car seat Inspector amongst its ranks. One of our newest members Cynthia Rogers is certified to perform infant & child car seat / restraint system inspections. We are able to provide this free community service now by appointment only. If you have a new arrival or you are upgrading a car seat / restraint system and want to make sure you are not only securing it properly in your vehicle but using the device properly as well, please give us a call at 603-798-5612 during normal business hours 8:00 a.m. to 4:00 p.m. Monday through Friday and we will coordinate an appointment for you that meets your needs. Cynthia is also a Nationally Registered Advanced Emergency Medical Technician and a NH Level II Firefighter. We are very happy to have her as another valued member of our team serving the community.
