August 26, 2020

PUBLIC NOTICE

The Loudon Fire Department is asking that everyone who kindles a fire be extremely cautious due to the severe drought conditions we are currently in. With the lack of fire suppression water available due to the drought and the low relative humidity we will be experiencing we are also suspending and not issuing any category 3 (Brush) Fire Permits until further notice.

It is still permissible at this time to have category 1 & 2 fires with a permit. All conditions of the permit should be followed. These permits are still available online and at the Arthur Colby Safety Complex located at 8 Cooper Street between 8:00 a.m. and 4:00 p.m. Monday through Friday and if the on duty crew is available between 8:00 a.m. and 5:00 p.m. on weekends.

Thank You for your understanding & cooperation
